Positive Legacy supports the environment.

1% FOR THE PLANET *Positive Legacy is a nonprofit member of 1% for the Planet

1% for the Planet brings dollars and doers together to accelerate smart environmental giving. They do this by pairing businesses and individuals with approved environmental nonprofits that create high-impact partnerships to amplify the impact of their members' giving.

NATIONAL GEOGRAPHIC SOCIETY

The National Geographic Society uses the power of science, exploration, education, and storytelling to illuminate and protect the wonder of our world.

OCEAN CONSERVANCY

Ocean Conservancy is a nonprofit environmental advocacy group based in Washington, D.C. The organization helps formulate ocean policy at the federal and state government levels based on peer reviewed science. They are on the front lines of ocean protection, investing in research, leadership and advocacy that advances science-based solutions that work.

SEA TURTLE PRESERVATION SOCIETY

STPS's mission is to help sea turtles survive. Florida hosts 90 percent of the sea turtle nests laid in the United States each season, and in Brevard County there are 72 miles of beaches that are part of the largest nesting site of loggerhead sea turtles in the world. Three of the world's seven species of sea turtles nest regularly here on these beaches. The Society's goal is to help maintain the current sea turtle population and to prevent a potentially irreversible decline in that population through efforts such as: Public education, Reducing disturbances and harassment, Rescue and rehabilitation, and Conducting nest surveys.

SURFRIDER FOUNDATION

The Surfrider Foundation USA is a U.S. 501 grassroots non-profit environmental organization that works to protect and preserve the world's oceans, waves and beaches. It focuses on water quality, beach access, beach and surf spot preservation, and sustaining marine and coastal ecosystems.

THE CRAYON INITIATIVE More than a half-million pounds of crayons are discarded every year, turning into a waxy sludge that clogs our landfills and never biodegrades. The Crayon Initiative

collects donated crayons from restaurants, schools and homes across the country, then melts them down and remanufactures them, reducing waste. Better yet, the recycled crayons are distributed to art programs at children's hospitals across the U.S., brightening the lives of young patients during their stay.

PLASTIC OCEANS

Plastic Oceans International is a US-based 501 (c)(3) non-profit organization whose goal is to end plastic pollution and to foster sustainable communities worldwide. They operate with the belief that we can and must act locally in order to create change globally, and they do so through four key pillars of activity: Education, Activism, Advocacy and Science.

PRECIOUS PLASTIC

Precious Plastic exists to reduce plastic waste. Sometimes they do it through boosting recycling, or maybe through new biodegradable materials, or perhaps by adopting zero waste lifestyles. Precious Plastic is a combination of people, machines, platforms and knowledge to create an alternative global recycling system.

TREES, WATER & PEOPLE *Positive Legacy Beneficiary

At Trees, Water & People, their mission is to improve lives by helping communities to protect, conserve, and manage their natural resources. A rapidly changing climate puts stress on our shared environment and our economies. For many of the communities they work with, adapting to climate change is critical to improving livelihoods. They design conservation projects throughout Latin America and on U.S. Tribal Lands with one question in mind: How can they improve the environment while creating economic opportunity for local people?

WANDS FOR WILDLIFE

Wands for Wildlife is a volunteer-run nonprofit inspiring people to help wildlife and the environment through re-purposing discarded mascara wands. The organization engages people in ways to support wildlife caregivers and encourages greater mindfulness of the impact from human activities, including the use of plastics, on the environment.
